Dear Mr. Tzhone,

As you know, Part VIII. "Arkwood Land Revitalization" was an extremely important element of the eleven-part, highly-detailed agenda (attached) that I authored for the referenced meeting of 5 September 2013.

Section C of Part VIII. in my agenda, which was ratified by the EPA and is now a matter of record, is titled "EPA affirms Casey Luckett-Snyder's statements," which earlier statements made in writing on EPA letterhead are then quoted in my agenda:

"Otherwise stated, EPA concurs that Arkwood Inc. Superfund site is ready for industrial reuse." (Letter of February 28, 2012 from Ms. Luckett-Snyder to J. Michael Norton, Executive Director, The Northwest Arkansas Economic Development District, Inc., attached)

"The current property owner has advised EPA that he is looking for potential purchasers for the Arkwood Inc. Superfund site property and EPA supports efforts to bring the site into industrial reuse." (Letter of March 19, 2012 from Ms. Luckett-Snyder to Clyde Rhodes, Hazardous Waste Division Chief, Arkansas Department of Environmental Quality, attached)

As the statements made by Casey Luckett-Snyder, Superfund Reuse Coordinator at EPA Region 6, are specifically questioned in the agenda, why was she not in attendance or participating by any means at the referenced meeting of 5 September 2013?

Sincerely,

Charles Grisham, Jr.
